Meet **Kathy Wright** who will facilitate this session on **Positive Parenting**, with a focus on parenting deaf or hearing impaired children

Morning Tea provided
Children are welcome to attend.*

What is Positive Parenting?

Positive Parenting is a well known parenting program that gives parents clear and simple strategies to turn problems around and also to prevent problems from developing in the first place.

Kathy Wright is a qualified Triple P Positive Parenting Program presenter and a parent of Deaf children.

In this mornings session Kathy will share with parents an overview of how Positive Parenting strategies can work for you and your deaf or hearing impaired child.

'POD' Macarthur is a local parent support group open to parents and caregivers of children with any degree or type of deafness.

POD Support groups are coordinated by Parent Council for Deaf Education (PCDE), the peak body for parents of children who are deaf or hearing impaired in NSW
