

LISTENING BETWEEN THE LINES

Help us understand how young people with hearing devices experience everyday listening and communication.

What's involved?

A short online survey (10–15 mins)
If eligible: Join an online interview (30–50 mins) on Microsoft Teams – a relaxed chat about your everyday listening and communication.

Who can join?

Adolescents and young adults aged (13–24 Years) who use a hearing aid or a cochlear implant – or both!

What is in it for you?

\$10 voucher for completing the survey
+ \$15 voucher if you also do the interview (if eligible)
